JAPAN'S TERMS

INCLUDE A LARGE INDEMNITY

A Leading Russian Journal Says the Terms Cannot for a Moment be Entertained.

St. Petersburg, June 12, 8.55 a.m.—The Russ. this morning declared that it has private but reliable information that the peace terms proposed by the Japanese in reply to the advances made by Russia are such as cannot for a moment be entertained by the latter, and that therefore the war must continue indefinitely. The Russ. adds pathetically "From every point of view this is regrettable. It was to have been hoped that our conqueror would have united Russia will now put her single as, it is better to submit to the last humiliation than surrender voluntarily to the terms proposed. A united Russia will no wout her single faith in her brave soldiers". The Russ. declares that the Japanese demand \$800,000,000 indemnity, the abandonment by Russia of Manchuria, guarantees for the independence of China, the disarmament of Vladivostok, the acknowledgement of exclusive Japanese influence on the Shan-Tung Peninsula, including Port Arthur and Korea, and the surrender to Japan of all Russian warships interned in neutral ports in Chinese waters.

EARLY PEACE PROBABLE.

St. Petersburg, June 12.—Russia is waiting for Japan to say when and where the Japanese terms will be placed in the hands of Russia's representatives. The foreign office expects that they dela will be brief. The emperor's Government would prefer that Paris should be the scene of the initial step.

Unless the Mikado's demands are too excessive, the indications are that early peace will be concluded. There will, of course, be the customary delays and hitches.

LIVNITCH IN A BAD POSITION.
London, June 12.—General Livnitch is in a hopeless position. He is virtually surrounded, and Japan's army will earn equal glory with the navy if the campaign proceeds on land.

CRICKET

An exceptionally enjoyable day was spent by the cricket team on Saturday at Fort Saskatchewan. The eleven, as well as twelve others, left the bridge by the steamer "Beaver" in time to begin the match at 11 a.m.

Conditions were quite ideal for the game, and the visiting team took advantage of winning the toss, making 145 runs. H. R. Mountfield distinguished himself well, while for the home side the bowling of Chaney was worthy of comment.

The feature of the game was the excellent bowling of H. B. Boyes, which would have puzzled very much better teams, and it is not to be

wondered at that the Fort eleven found runs very hard to make. However, they played in their second innings with greater freedom, some powerful hitting on the part of Still and Sherman being very conspicuous. The result was a win for Edmonton by an innings and twenty-six runs.

The visitors were right royally entertained by the F. S. C. G. and a smoking concert in the evening concluded a very pleasant time. The concert was held in the recreation room of the A. V. C. barracks and an assortment of vocal and instrumental music was inaugurated. The trip should prove an impetus to cricket in these parts, and Mr. Jackson is to be praised on his transportation ability which gave the greatest satisfaction possible.

Mr. Moore Talks at Red Deer

Red Deer News: On Friday evening last, in the Opera House, Mr. John T. Moore gave a report of the work done by the Delegation which recently visited Ottawa to lay before the Government the claims of Red Deer to be made the capital of the new province of Alberta. Although the notice was short the hall and gallery were comfortably filled with a representative gathering of the influential citizens of Red Deer—a pleasing feature being the large number of ladies who graced the occasion with their presence. The Red Deer band, which is earning for itself a high reputation, culminated the proceedings with its excellent music. The mayor occupied the chair.

Mr. Moore, who was appropriately introduced by Mayor Michener, and was accorded a hearty reception, reviewed the grounds upon which the request of Red Deer was pressed upon the government, and presented the facts and figures which had been urged upon Sir Wilfrid and his colleagues in justification of the location of the capital of Alberta at Red Deer.

Space will not permit us to give any adequate outline of the address but in it he submitted a strong array of arguments, the force and justice of which will appeal to all fair-minded people. Mr. Moore claimed that a capital should be located with regard to the greatest convenience to the greatest number. That Red Deer met this condition—present and prospective. That it was centrally situated geographically as well as with regards to population. That the primary requisites for a great metropolis of abundant and pure water supply and good drainage were happily provided by the splendid river at our door. That nature had done so much for Red Deer in the attractiveness of this valley, surrounded by beautiful tree-clad slopes, that it needed but little imagination to anticipate the up-building here of one of the fairest cities in America. Mr. Moore showed that sixty per cent of the population of Alberta is south of Red Deer; that sixty per cent of the immigration which has come to Alberta during the last three years located south of Red Deer; that the location of the capital at Edmonton, which is practically upon the northern confines of present settlement, would be an injustice to more than three fourths of the people of Alberta, not only at present, but for all time, that the claim that there will ever be population north of Edmonton to counter-balance the south is a fairy tale, which trades upon the ignorance of the people.

He pointed out that the vast fertile country lying along the Lacombe and Wetaskiwin branches would find it more convenient and economical to come to Red Deer, which is to be the C.P.R. terminal for these branches. Mr. Moore also brought before Sir Wilfrid the request for a Red Deer constituency and the deputation was rejoiced to receive his immediate assent to this proposition and his express direction to effect this object. Mr. Moore concluded with an earnest plea for concord and co-operation between all sections and parties at this moment of supreme opportunity which forecasts such benefits not only to the town, but also to every settler within a radius of twenty miles or more from Red Deer as should unite us in a compact body of citizens standing shoulder to shoulder in a strenuous and patriotic effort for the general good.

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

Brookville, Ont., June 10. — A wedding designed to take place in the home of the bride Miss Greer, of Fairfield, East today, was performed instead at the bedside of the bridegroom, Orrville Wright of Algonquin, in the house of the latter's uncle, near here. The bride, nothing deterred, drove with the whole wedding party to the house where the sick bridegroom was sheltered, and after the for, musical rides, exciting high back to strength.

MAY SETTLE IT THEMSELVES.

Copenhagen, June 10. — Much anxiety is felt here at the developments in the Sweden-Norway breach. It is generally thought that no European power can afford to interfere at the present time and that the two countries will be allowed to settle their difference themselves. Although the proposal that a Danish prince shall take possession of the vacant throne are discounted by officials, influential authorities are reported as saying that such consummation is quite possible after Norway has legalized her position with the powers.

PRESBYTERIAN GENERAL ASSEMBLY.

Kingston, June 12. — The general assembly of the Presbyterian church is being pushed forward rapidly and it is likely to close Thursday. At Saturday's session, a proposal was made to transfer the Refina Industrial school to the Government, as it was losing \$4,000 a year. Principal Patrick and Dr. Bryce, of Winnipeg, opposed this. If the church gave up the school, it would not be able to deal with the Indians. The school was most effective among the Indians. The question will be settled later.

MEDICINE HAT MAN DROWNED.

Medicine Hat, June 12. — Wm. A. Green, a prominent business man, was drowned Saturday crossing the Saskatchewan river in the Government ferryboat. After the ferry had started, the rig backed off the open end and precipitated the occupants into the river. He was swept out into midstream and sank. The body is not yet recovered.

Alexandra to St. Norbert, but a leak being discovered in the boat she turned her bows to the shores of River Park and landed her precious load of 400 excursionists there without mishap. It took some hours to pump her out and those who did not walk home again embarked and were taken home. The skipper stoutly maintained however, that the ship was not in danger.

(From the Reporter).

Rev. A. R. Aldridge, who is leaving shortly for Breeze, will hold his last Sabbath service at the Fort next Sunday evening.

The Rev. Canon d'Easum went to Calgary on Wednesday to attend a meeting of the Executive Committee of the Diocese.

Local real estate agents report an improvement in business during the past week. People are beginning to realize the fact that land values are certain to go higher than they are at the present time.

Principal Hiddell, of Alberta College, and Rev. Dr. Bond, editor of the Christian Guardian, drove down from Edmonton on Wednesday. Dr. Bond was delighted with the general appearance of this section of Alberta.

A dance was given in the barracks on Wednesday night by the R.N.W.M.P. Like all affairs undertaken by them it was a great success and all persons who were present report having had a most enjoyable evening. The dance room, in which the dance was held, was very artistically decorated. Supper was served in a large marquee. Clark's orchestra from Edmonton furnished the music.

A serious accident happened to Mr. Frank Wader, of Beaver Hills, on Wednesday. A team which he was driving ran away and got beyond all control. Mr. Wader holding on to the lines, was pulled over the front of the wagon box, which was dismounted, and was dragged about forty yards over some rough ground full of stumps, etc., by the side of the road near the Mansfield school house. When picked up it was found that he was very badly injured, cut and bruised in many places, and that the left leg was badly broken. A doctor was sent for from the Fort, and the broken bones were set, but the internal injuries are causing the unfortunate man much suffering and his family much concern.

The Edmonton cricket team expect to travel to the Fort by steamboat on Saturday morning next. The game with the Fort team will probably start at noon. At a committee meeting held on Tuesday evening, the following were chosen to represent the Fort: Inspector Worsley, Canon d'Easum, Messrs. Chaney, Hayter, Bowen, Still, Woods, Barnes, Sherman and B. C. d'Easum, Captain. The match will be played on the grounds of the R.N.W.M.P.

Next Tuesday, 13. inst., the Rural Denary of Edmonton will hold a meeting in Fort Saskatchewan. The clergy will assemble on Monday evening. There will be a celebration of Holy Communion at 8 a.m. Matins at 10 a.m., followed by devotional study of Epistles, 9; led by Canon d'Easum. General business 2.30 p.m., followed by paper read by Rev. Rural Dean Gray. Evensong and sermon by Rev. Gordon Austin at 8 o'clock, to which all are invited.

In spite of the unfavorable weather a largely attended meeting of the Fort Saskatchewan Liberal-Conservative Association was held in Langworthy Hall on Saturday afternoon, 3rd June. Dr. Bennett acted as chairman, and G. H. McAvoy as secretary. It was decided to hold a convention at Andrew on Friday, 23. June, at 4 p.m. for the purpose of nominating a candidate to contest the riding of Saskatchewan in the Conservative interests at the forthcoming Provincial election.

A very successful garden social was held by the women of the St. George's Auxiliary Guild, on Monday evening, the 5th inst. The social was held, through the kindness of Staff-Sgt. and Mrs. Sweetapple, on their grounds, being an ideal spot for the purpose. Small tables were set out under the trees which were hung with Chinese lanterns, and the whole scene was most pleasing. A bountiful supper was served from 6 till 8, of which over 175 people, including children partook. This crowded the tables for some time but the ladies worked with a will, and eventually all were provided for. After supper an open air concert was held, the various vocalists acquitting themselves well. Mrs. Baetz, as always, being invaluable in her kindly services as accompanist. Mrs. Langworthy also officiated at the piano. A specially pleasing item was the piano solo of Mrs. Ross, one of the Fort's old timers. The trio by Mrs. White, Messrs. Baetz and d'Easum was encoined. Various games, croquet, bagatelle, &c. were provided.

VICTORIA NEWS

June 7, 1905.

Mr. and Mrs. John Carsenden and family, of Agricola, are visiting at the home of Mr. John Smith, Miss Jessie Sward of Agricola is one of the party also.

The river rose so high on June 6 that the ferry had to stop running. Dr. Lawford and family returned home from Calgary last Saturday, where he has been attending the Methodist conference.

Mrs. John Smith and her little daughter Roma arrived safely home from their trip up country.

A social entertainment was held on Mr. John Smith's lawn last evening in honor of our pastor, Mr. Frank Bushfield, who is about to leave for his new field at Belmont. Mrs. Carsenden and Miss Jessie Sward of Agricola, took part in the program. The evening was perfect and the program excellent.

Mr. I. C. Dodge, of Clover Bar, acted as chairman.

PARADIS CROSSING

June 4, 1905.

For a couple of weeks the water has been high enough for easy traffic and boats go down every day.

Mr. De Laverque and Mr. Outlet, two representatives of the industrial union, were at Mr. Paradis' Saturday last, explaining the river concerning stone, lime and minerals. They are going down as far as the Grana Rapids and will be back at Edmonton about September.

On Monday morning a black dog belonging to Dan Hawk went mad barking at a stack floating down stream. Instantly ran toward A. Paradis, who was standing in the doorway. The old gentleman had quick enough to take an axe and drive him off. Serious measures are proposed to prevent any more troubles from this brute.

—Calgary Trade Gazette: The Canadian Westinghouse Company, Limited, recently said to the Edmonton, Alta., Street Railway Company a 200-K.W. railway generator and a number of double equipments of railway motors. It may be remarked that the city of Edmonton is the most northerly on the American continent to operate an electric street railway. Another recent sale made by the same company was that of a 500-K. W. enclosed type turbo-generator unit to the Canadian Pacific Railway Company. This unit is to be installed at Fort William, and to be used for supplying power to the various grain elevators at that point.

—Strathcona Chronicle: As a striking example of the rapid growth of vegetation in this quarter of Alberta, a hop vine, entwining its dainty tendrils around a piece of binder twine at the residence of Dr. McIntyre attracted attention by its rapid growth. Measurements were taken daily, and it was found to attain the astonishing additional height of forty-one inches in one week, viz. 2.30 on Sunday afternoon to 2.30 the following Sunday. This is but one evidence of the richness of the Alberta soil and excellence of the climate for agricultural purposes.

—Strathcona Chronicle: The story of the lion and the lamb lying down together is no more remarkable than a somewhat similar case that was to be observed for a number of days in town last week. A lynx that had been captured in the vicinity was caged behind Gainer's butcher shop; and, knowing that the animal in its wild state delighted to prey upon the feathered tribe, a fowl was thrown into the cage, but, strange to relate, though the animal would ravenously devour liver and other raw meats given it, the fowl remained there for several days and was finally taken.

—The secretary of the Regina board of trade has issued a circular which says: "There is a sort of feeling in the air that it is impossible for the Autonomy Bills to become law in time for the two new provinces of Alberta and Saskatchewan to obtain their status by the 1st of July. Notwithstanding this, the organizers of the celebration at Regina are still hard at work making arrangements for the inauguration whenever it may materialize. They meet twice a week in the mayor's parlor with Mayor Laird in the chair, and the office of the Secretary, Mr. Wm. Trant, has a busy appearance in consequence of the great correspondence that is addressed to him.

THE NEW GRANOLITHIC WALKS

The construction of the granolithic walks along Jasper avenue is progressing well and promises to soon be completed. The making of these walks being a new thing in Edmonton a large number of people are to be seen at all times of the day, watching the large gangs of men at work on the construction. In the making of these cement sidewalks it is necessary to have a good foundation, so there is being laid a layer of coarse gravel about six inches deep upon which when well packed down the layer of cement and sand is placed and finally finished off with the thin Portland cement.
